CHAIRMAN'S MESSAGE

Dear Shareholders,

Greetings from Panache!!

As I prepare to present to you Panache Innovation Limited Annual Report 2020-21, on behalf of the Board of Directors, I welcome you all to the 40th Annual General Meeting of your company. I would discuss topics that will help to improve the understanding of the company's growth strategy, performance and forecasts to create value for all its stakeholder over the short, medium & long term.

External Environment:

The world is continuing to face the greatest threat to life and livelihood due to the COVID-19 pandemic. This is impacting the global economy and all its citizens.

It goes without saying that these are extraordinary times. Just as our hearts go out to everyone affected by Covid-19, we are grateful to all our first responders and medical professionals who are risking their lives to keep us safe. We are also grateful to all our employees who continued to deliver on our commitments to all stakeholders despite these challenging times.

As per the World Bank, the global economic output is recovering from the downturn triggered by COVID-19, but it will remain below pre-pandemic trends for a prolonged period. A well-coordinated response to the pandemic will shape the future of the global economy for years to come.

The Indian GDP, after a steep fall of 24.4% and 7.3% in Q1 and Q2 of FY 2020-21 respectively, has shown recovery with 0.4% growth in Q3. Based on this recovery trend, the GDP for 2021 is estimated to be contracting by 8% which is a clear outcome of the efforts undertaken in minimizing the impact of COVID-19 on the economy. But the second wave of the COVID-19 pandemic has struck India with unforeseen fury, and it will compound the misery of repeated economic disruptions and slowdowns experienced over the past few years.

Company Performance Review FY- 2020-2021:

Your company is engaged in multi-product distribution such as Telecom Products, IT Products & Accessories, LED Lighting Products, Batteries, Power Banks, Audio Products, Torches/Flashlights, Electrical Products Phones & facilitating Project based Services, AMC of Large Corporates, CCTV Surveillance etc.

In the geographies that we have been operating in, we have been able to leverage our relationships with the customers and establish ourselves as a credible alternate supplier, who can be trusted as a long-term partner.

To briefly mention about financial performance, the revenue from operations stood Rs. 982.88 lakhs for the year ended March 31, 2021. The PAT (profit after tax) for FY 2020-21 stood at a loss of Rs. 10.20 lakhs due to the reduction in business caused by Covid-19 led lockdowns. The EPS (Earning Per Share) for the financial year ended March 31, 2021 stood at Rs. (0.23) for a face value of Rs. 10.

CHAIRMAN'S MESSAGE

Company's New Initiatives 2020-2021:

- Launch of "Panache" Brand in Telephone Category i.e., Corded Phone, Fixed Wireless phone.
- New Vertical opening focusing on Project based Services, AMC of Large Corporates, CCTV Surveillance etc. This will not only help to Annual turnover company significantly but also it will help to increase company's profitability in coming years.
- Addition of New product launch Rechargeable Led Lantern, 9W Speaker Bulb in FMCG goods product category to acquire additional set of customers through existing distribution network.

Going Ahead

Your Company is fully aware and well-positioned to tap both domestic and international opportunities.

We will continue to focus on increasing our wallet-share from our existing customers, by positioning a larger portfolio of our products and acquiring new customers.

- Company intends to increase its product portfolio in its LED Lighting category by introductions of Panel Lights, Down Lights, Streetlights & Digital Signage.
- Company plans to focus on OEM category by offering products like LED Lighting, Flashlights to its OEM customers.
- Company plans to further increase its Distribution channel partners by adding further territories and aim to increase it at pan India level.

Our company has outlook to explore and search for opportunities in Project based Services, AMC of Large Corporates, CCTV Surveillance which will be introduced as growth center for FY 2021-22.

Conclusion:

I would like to add our company is looking forward to an optimistic year 2021-2022. We take great pride in our ability to attract and nurture highly talented and skilled individuals across all functions in the organization. Our team showed exemplary commitment and ensured business continuity and 24X7 technical support to our customers during Covid-19 pandemic lockdowns and despite regulatory restrictions.

I would like to extend my sincere appreciation to the Board of Directors for their continued guidance and support. I also wish to thank all stakeholders, including our employees, customers, and shareholders for their continued faith in the company, especially during these challenging times. I am optimistic about the opportunities that are ahead of us, and I look forward to taking our company to greater heights and achieving many more successes in the years to come.

We are pleased to present our performance highlights for FY2020-21 and the business outlook for this year:

ECONOMIC OVERVIEW

Global Economic

Economic prospects have diverged further across countries since the April 2021 World Economic Outlook (WEO) forecast. Vaccine access has emerged as the principal fault line along which the global recovery splits into two blocs: those that can look forward to further normalization of activity later this year (almost all advanced economies) and those that will still face resurgent infections and rising COVID death tolls. The recovery, however, is not assured even in countries where infections are currently very low so long as the virus circulates elsewhere.

The global economy is projected to grow 6.0 percent in 2021 and 4.9 percent in 2022. The 2021 global forecast is unchanged from the April 2021 WEO, but with offsetting revisions. Prospects for emerging market and developing economies have been marked down for 2021, especially for Emerging Asia. By

contrast, the forecast for advanced economies is revised up. These revisions reflect pandemic developments and changes in policy support. The 0.5 percentage-point upgrade for 2022 derives largely from the forecast upgrade for advanced economies, particularly the United States, reflecting the anticipated legislation of additional fiscal support in the second half of 2021 and improved health metrics more broadly across the group.

Recent price pressures for the most part reflect unusual pandemic-related developments and transitory supply-demand mismatches. Inflation is expected to return to its pre-pandemic ranges in most countries in 2022 once these disturbances work their way through prices, though uncertainty remains high. Elevated inflation is also expected in some emerging market and developing economies, related in part to high food prices. Central banks should generally look through transitory inflation pressures and avoid tightening until there is more clarity on underlying price dynamics. Clear communication from central banks on the outlook for monetary policy will be key to shaping inflation expectations and safeguarding against premature tightening of financial conditions. There is, however, a risk that transitory pressures could become more persistent and central banks may need to take preemptive action.

Risks around the global baseline are to the downside. Slower-than-anticipated vaccine rollout would allow the virus to mutate further. Financial conditions could tighten rapidly, for instance from a reassessment of the monetary policy outlook in advanced economies if inflation expectations increase more rapidly than anticipated. A double hit to emerging market and developing economies from worsening pandemic dynamics and tighter external financial conditions would severely set back their recovery and drag global growth below this outlook's baseline.

Multilateral action has a vital role to play in diminishing divergences and strengthening global prospects. The immediate priority is to deploy vaccines equitably worldwide. A \$50 billion IMF staff proposal, jointly endorsed by the World Health Organization, World Trade Organization, and World Bank, provides clear targets and pragmatic actions at a feasible cost to end the pandemic. Financially constrained economies also need unimpeded access to international liquidity. The proposed \$650 billion General Allocation of Special Drawing Rights at the IMF is set to boost reserve assets of all economies and help ease liquidity constraints. Countries also need to redouble collective efforts to reduce greenhouse gas emissions. These multilateral actions can be reinforced by national-level policies tailored to the stage of the crisis that help catalyze a sustainable, inclusive recovery. Concerted, well-directed policies can make the difference between a future of durable recoveries for all economies or one with widening fault lines—as many struggles with the health crisis while a handful see conditions normalize, albeit with the constant threat of renewed flare-ups.

India Economic Outlook-

The deadly COVID-19 second wave has delayed India's recovery, but what is worrying is the sluggish consumer spending due to pandemic-related concerns. The country needs effective policies to address risks that weigh on consumer confidence and thereby, boost spending.

The economy was gradually turning towards recovery early this year until the much more severe second COVID-19 wave hit India in April. The comforting news is that improving business sentiments, coupled with a strong recovery among industrial nations, propelled growth in the January–March quarter of FY2020–21

What, however, emerged as a worrying trend (from the GDP numbers) is that traction in consumption spending seemed restrained, highlighting spending hesitancy due to health and financial anxieties

YoY real GDP expansion forecast at deceptively high 20.0% in Q1 FY2022:

Following the second wave of Covid-19 and the restrictions in place during much of April-May 2021, we have pared our estimates of the GDP and GVA growth for Q1 FY2022. We now project the GVA growth in Q1 FY2022 at 17.0%, led by healthy exports, Government capital spending and resilient farm sector demand. Given the sharp rise in the indirect taxes, we anticipate that the NSO may peg the GDP expansion at a relatively higher 20% for Q1 FY2022. Nevertheless, the double-digit expansion expected in YoY terms in Q1 FY2022 is deceptively high, as it benefits inordinately from last year's contracted base. We forecast the GVA and the GDP to have shrunk by around 9% each in Q1 FY2022, relative to the pre-Covid level of Q1 FY2020, highlighting the tangible distress being experienced by economic agents in the less formal and contact-intensive sectors.

Real GDP to grow by 8.5% in FY2022; acceleration in vaccine administration could provide a back-ended upside:

With the easing of the state-wise restrictions, especially across the southern states, the roots of the economic recovery deepened in July 2021, as evidenced by a slew of high frequency indicators. Globally, the spread of the Delta variant has renewed uncertainty about the sustainability of demand and arrested the rise in commodity prices. We expect the Indian GDP to grow by 8.5% in FY2022, with faster vaccine coverage to provide a back-ended upside, affording a 9.5% expansion this year. However, vaccination coverage in India remains relatively low at 32% of adults. To administer the second Covid-19 vaccine shots to 50% of the adults by December 2021, average daily doses need to be scaled up to 6.3 million from the current 5.1 million.

CPI Inflation projected at 5.5-5.7% in FY2022, closer to the MPC's upper limit of medium-term target range:

The CPI inflation is expected to remain sticky in the range of 5-6% during Q2- Q4 FY2022, and average 5.5-5.7% in FY2022. We anticipate that the MPC will embark on policy normalization once domestic demand strengthens and starts dominating inflationary pressures, in place of supply-side issues. We foresee a change in the stance to neutral from accommodative in the February 2022 Policy review, followed by a hike in the repo rate of 25 bps each in the April 2022 and June 2022 meetings. Once the lift-off starts, we believe that the MPC will stagger rate increases over a period, instead of immediately trying to push real interest rates back into the positive territory.

Current account balance to revert to a deficit of 0.7% of GDP in FY2022:

In the base case, ICRA expects merchandise exports and imports to rise by ~38% and ~43%, respectively, in FY2022 to ~US\$405-410 billion, and US\$565-570 billion, respectively. As a result, the merchandise trade deficit is expected to widen to ~US\$157-162 billion in FY2022. While the Government's PLI scheme will help in enhancing exports in some sectors, a spike in cases resulting from the Delta plus variant poses a substantial risk to our forecasts. The global economic recovery is expected to boost the secondary income by 6-7% and the services trade surplus by ~8% in FY2022, whereas the outflow of primary income may remain flattish, relative to FY2021. ICRA expects India's current account balance to revert to a deficit of US\$20-25 billion (-0.7% of GDP) in FY2022, from the surplus of US\$24.0 billion (+0.9% of GDP) in FY2021.

Gol's fiscal deficit to overshoot FY2022 BE:

As per our estimates, the FY2022 BE for gross tax revenues of Rs. 22.2 trillion can be achieved, even with a 4% contraction in the remainder of FY2022, which appears unlikely despite the lingering uncertainty on the growth front. Moreover, the transfer of surplus by the RBI in FY2022 has been higher than budgeted by ~Rs. 0.5 trillion. Additionally, modest inflows may be garnered under the newly announced NMP. This provides a cushion to absorb the net cash outgo of Rs. 236.7 billion under the First Supplementary Demand for grants and the anticipated step up in fertiliser subsidy for the rabi season of Rs. 100-150 billion. However, with low receipts so far, it is likely that the disinvestment target of Rs. 1.75 trillion will be missed by a considerable margin, causing the Gol's fiscal deficit to overshoot the FY2022 BE.

Moreover, if other major fiscal stimulus measures are announced, and the outlay for vaccine procurement is raised above the budgeted Rs. 350 billion, it could cause the fiscal deficit to widen. At present, we estimate the Govt's fiscal deficit for FY2022 at Rs. 16.0 trillion or 7.0% of GDP, overshooting the budgeted amount of Rs. 15.1 trillion.

Telecommunication Industry :-

The Telecommunications industry is divided into following subsectors: Infrastructure, Equipment, Mobile Virtual Network Operators (MNVO), White Space Spectrum, 5G, Telephone service providers and Broadband.

As per GSMA, India is on its way to becoming the second-largest smartphone market globally by 2025 with around 1 billion installed devices and is expected to have 920 million unique mobile subscribers by 2025 which will include 88 million 5G connections.

Over the last thirteen years, the Indian Telecom Tower industry has seen a significant growth. An average of 29,000 new towers have been built per year.

It is also estimated that 5G technology will contribute approximately \$450 billion to the Indian Economy in the period of 2023-2040.

Currently, 5G Spectrum Trials are being conducted in India to ensure proliferation of 5G technology across the country.

The DoT is targeting a combination of 100% broadband connectivity in the villages, 55% fiberisation of mobile towers, average broadband speeds of 25 mbps and 30 lakh kms of optic fibre rollouts by December 2022. By December 2024, it is looking at 70% fiberisation of towers, average broadband speeds of 50 Mbps and 50 lakh kms of optic fibre rollouts at a pan-India level.

Government Initiatives

The Government has fast-tracked reforms in the telecom sector and continues to be proactive in providing room for growth for telecom companies. Some of the key initiatives taken by the Government are as follows:

- The Rs. 12,195 crore (US\$ 1.65 billion) production-linked incentive (PLI) scheme for telecom is expected to bring in investment of around Rs. 3,000 crore (US\$ 400.08 million) and generate huge direct and indirect employment.
- In April 2021, the government pointed out that firms such as Ericsson and Nokia are now eager to expand their operations in India, and global companies like Samsung, Cisco, HPE and Foxconn have expressed interest to set up their manufacturing base in the country for telecom and networking products.
- In March 2021, TEPC (Telecom Equipment Export Promotion Council) organised India Telecom 2021—a platform for convergence of technologies and business exchange.
- The Union Cabinet approved Rs. 12,195 crore (US\$ 1.65 billion) production-linked incentive (PLI) scheme for telecom & networking products under the Department of Telecom.
- Under Union Budget 2021-22, the government allocated Rs. 14,200 crore (US\$ 1.9 billion) for telecom infrastructure that entails completion of optical fibre cable-based network for Defence

services, rolling out broadband in 2.2 lakh panchayats and improving mobile services in the North East.

- In December 2020, the Union Cabinet, chaired by the Prime Minister, Mr. Narendra Modi, approved a proposal by Department of Telecommunications for setting up of Public Wi-Fi Networks by Public Data Office Aggregators (PDOAs) to provide public Wi-Fi services through Public Data Offices (PDOs).
- In March 2020, the government approved the Production Incentive Scheme (PLI) for Large-scale Electronics Manufacturing. The scheme proposes production-linked incentive to boost domestic manufacturing and attract large investments in mobile phone manufacturing and specified electronic components including Assembly, Testing, Marking and Packaging (ATMP) units.
- FDI cap in the telecom sector has been increased to 100% from 74%; out of 100%, 49% will be done through the automatic route and the rest will be done through the FIPB approval route. FDI of up to 100% is permitted for infrastructure providers offering dark fibre, electronic mail and voice mail.

Road Ahead

- Revenue from the telecom equipment sector is expected to grow to US\$ 26.38 billion by 2020. The number of internet subscribers in the country is expected to double by 2021 to 829 million and overall IP traffic is expected to grow four-fold at a CAGR of 30% by 2021.
- According to a Zenith Media survey, India is expected to become the fastest-growing telecom advertisement market, with an annual growth rate of 11% between 2020 and 2023.
- The Indian Government is planning to develop 100 smart city projects, and IoT will play a vital role in developing these cities. The National Digital Communications Policy 2018 envisaged attracting investment worth US\$ 100 billion in the telecommunications sector by 2022. App downloads in India is expected to increase to 18.11 billion in 2018F and 37.21 billion in 2022F.

RISKS AND CONCERNS

Risk is inherent to business and Your Company is no exception. Every day during the course of our day-to-day operations and in pursuit of our long-term objectives, we face both internal and external risks. The Company has robust risk management procedures to identify and evaluate risks on an on-going

basis. The Company has a detailed risk management policy in place. Dedicated risk workshops are conducted for each business vertical and key support functions wherein risks are identified, assessed, analyzed and accepted / mitigated to an acceptable level within the risk appetite of the organization.

The Company faces the following risks and concerns:

Credit Risk

Your Company supplies goods to the distributors on 30-45 days credit terms. Although PIL appoints distributors by checking all the parameters of the distributors like GST Registration, PAN etc. There is always a possibility of that particular invoice amount getting delayed due to various reasons. Having said that, while appointing distributors we define a credit limit, which always is derived by checking their last 6 months bank statements. It is our policy for small distributors that unless and until they clear the payment of previous invoice.

Competition Risk

All the product lines which Company carries have competition and there is always a Risk factor on sales and profitability due to that competition. There is a huge competition in almost all the FMCG (Fast-Moving Consumer Goods) products from Unorganized players and there is a huge price gap between a branded products and unbranded products which are been provided by Unorganized players. To fulfill the gap between the prices, sometimes Company needs to sell products at lower price and that affects the sales and profit. To counter such condition, Company always tries to bring innovation in design and technology.

Input Cost Risk

There is always a risk of Input Cost increase due to supply chain disruption, International shortage of raw materials etc.

Liability Risk

This risk refers to our liability arising from any damage to shipments, products etc. which may adversely affect our business. The company attempts to mitigate this risk through contractual obligations and insurance policies.

Technology related risk

There is always a risk due to change in technology of the product or due to obsolescence of technology. To mitigate such risk, Company always keep a close track of all the product lines technology nationally and internationally. The Company is always open to adopt positive change in the technology of the products which we deal in.

OPPORTUNITIES AND THREATS

Opportunities

- Changing consumer preferences and growing Industrial base
- High Government Focus
- Technological Tie-ups

Threats

- Competition from local and multinational players
- Execution risk
- Regulatory changes
- Input Cost risk
- Attraction and retention of human capital

INTERNAL CONTROL SYSTEMS AND ADEQUACY

Panache Innovations has robust internal control systems and further these are evaluated from time to time in order to take additional measures, if necessary, in consonance with the changes in the Companies Act, 2013. Additional measures may pertain to fraud risk assessment and strengthening the process of risk management. The Company's internal controls are designed to provide a high degree of assurance regarding the effectiveness and efficiency of operations, the adequacy of safeguards for assets, the reliability of financial controls, and compliance with applicable laws and regulations.

The Company is well structured, and the policy guidelines are well documented with pre-defined authority. The Company has also implemented suitable controls to ensure that all resources are utilized optimally, financial transactions are reported with accuracy and there is strict adherence to applicable laws and regulations.

The Company has put in place adequate systems to ensure that assets are safeguarded against loss from unauthorized use or disposition and that transactions are authorized, recorded and reported.

Recognizing the important role of internal scrutiny, the Company has an internal audit function which is empowered to examine the adequacy of, and compliance with, policies, plans and statutory requirements. It is also responsible for assessing and improving the effectiveness of risk management, control and governance process.

Periodical audit and verification of the systems enables the various business groups to plug any shortcomings in time. As stated earlier the Company has improved effectiveness of the risk management process wherein it evaluates the Company's risk management system and suggests improvement in strengthening risk mitigation measures for all key operations, controls and governance process. In addition, the top management and the Audit committee of the Board periodically review the findings and ensure corrective measures are taken.

HUMAN RESOURCES

The total manpower strength of your Company is 50 as on 31st March 2021. Subsequently the Employee benefit expenses have increased considerably. Nonetheless these additional expenses will yield results in the long term.

Panache Innovations Limited provides the best opportunities for its employees to enable them to reach their full potential. The HR function aims at fueling the growth ambitions of the organization by equipping the Human Assets for effective & efficient delivery as well as providing them a nurturing environment. The HR function is aligned to the Company's Business Strategy. This has helped in proactively facilitating the achievement of organizational plans, targets and challenges through timely identification, preparation and deployment of appropriate human resources.

We believe that the domain knowledge and experience of our Directors and our management team provides us with a significant competitive advantage as we seek to grow in our existing markets and

enter new geographies. The Company has hired qualified professional management and key personnel, which will enable to run the Company independently. Further flexible HR policies reflecting our organization value of 'Trust' and work-life balance have been continuously devised. Employee engagement activities are conducted to make our workplace a fun-filled one.

OUTLOOK

The last financial year has been year of new initiatives for company. STANDALONE FINANCIAL STATEMENTS

Independent Auditor's Report

To,
The Shareholders of
Panache Innovations Limited,
2nd Floor, Bldg. No. A3, Unit 201A,
Babosa Industrial Park,
Saravali Village Bhiwandi,
Thane – 421 302.

We have audited the accompanying Standalone Ind AS financial statements of Panache Innovations Limited ("the Company"), which comprises the Balance Sheet as at 31st March, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flow for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Ind AS Financial Statements").

Opinion

In our opinion and to the best of our information and according to the explanations given to us by the management of the Company, the aforesaid Standalone Ind AS Financial Statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2021, and its profit (including Other Comprehensive Income), changes in equity and statement of cash flows for the year ended on that date.

Basis of Our Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India, ("ICAI") together with the ethical requirements that are relevant to our audit of the Standalone Ind AS Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters ('KAM') are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the Standalone Ind AS Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report. Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters in Section 134(5) of the Act with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position and financial performance (including other comprehensive income), statement of changes

in equity and statement of Cash flows of the Company in accordance with the accounting principles generally accepted in India, including Indian Accounting Standards (Ind AS) specified under section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015 as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS Financial Statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Ind AS Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Ind AS Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Standalone Ind AS Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls and operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Standalone Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c. The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), Statement of changes in equity and Statement of Cash flow dealt with by this Report are in agreement with the books of account;
 - d. In our opinion, the aforesaid Standalone Ind AS Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with companies (Indian Accounting Standards) Rules, 2015, as amended;
 - e. On the basis of written representations received from the directors as on 31st March 2021, and taken on record by the Board of Directors, none of the directors are disqualified as on 31st March 2021, from being appointed as a director in terms of Section 164(2) of the Companies Act, 2013;
 - f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to explanations given to us:
 - (i) The Company has disclosed that there are no pending litigations which would impact its financial position.
 - (ii) The Company did not have any long-term contracts for which there were any material foreseeable losses;

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Panache Innovations Limited ("the Company") as of 31st March 2021 in conjunction with our audit of the Standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to Financial Statement

NOTE NO. 1

GENERAL NOTES TO ACCOUNTS ON STANDALONE FINANCIAL STATEMENTS

A Significant Accounting Policies, practices annexed to & forming part of accounts for the year ending on 31st March 2021

1 Basis of Preparation

Standalone Financial Statements have been prepared in accordance with the accounting principles generally accepted in India including Indian Accounting Standards (Ind AS) prescribed under the Section 133 of the Companies Act, 2013 read with rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended and relevant provisions of the Companies Act, 2013.

Accordingly, the Company has prepared these Standalone Financial Statements which comprise the Balance Sheet as at 31 March, 2021, the Statement of Profit and Loss for the year ended 31 March 2021, the Statement of Cash Flows for the year ended 31 March 2021 and the Statement of Changes in Equity for the year ended as on that date, and accounting policies and other explanatory information (together hereinafter referred to as 'Standalone Financial Statements' or 'financial statements').

These financial statements are approved for issue by the Board of Directors on 28th June, 2021.

2 Compliance with Ind AS

The separate financial statements of the company are prepared in accordance with Indian Accounting Standards (Ind AS), under the historical cost convention on the accrual basis as per the provisions of the Companies Act, 2013 ("the Act"), except for financial instruments - measured at fair value or amortised cost.

3 System of Accounting :

3.1 The Company follows Mercantile System of Accounting and recognizes Income & Expenditure on an accrual basis.

3.2 Accounts of the Company are prepared under the Historical Cost convention method, except for certain financial instruments that are measured at fair value in accordance with Ind AS.

3.3 Fair Value measurements under Ind AS are categorized as below, based on the degree to which inputs to the fair value measurements are observable and the significance of the inputs to their fair value measurement in its entirety.

- a) Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the company can access at measurement date.
- b) Level 2 inputs, other than quoted prices included in level 1, that are observable for the asset or liability, either directly or indirectly; and
- c) Level 3 inputs are unobservable inputs for the valuation of assets/liabilities.

4 Going Concern

Fundamental Accounting assumption of going concern is followed in preparation of the financial statement.

5 Presentation of Financial Statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 ("the Act"). The statement of cash flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Indian Accounting Standards and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

All amounts in the Financial Statements are presented in Indian Rupees (INR).

6 Use of Estimates

The preparation of Financial Statements in conformity with Indian Accounting Standards requires management to make judgments, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities and disclosure of contingent liabilities as at the date of financial statements and the results of operations during the reporting period. As such estimates are based on the management's best knowledge of the current events and actions; there are possibilities of such estimates resulting in outcome's requiring material adjustment to the carrying amounts of assets or liabilities in future periods.

7 Employee Benefits

7.1 Short Term Employee Benefits

Employee Benefits such as Salaries, Wages, short term compensated absences, and expected cost of bonus, ex-gratia, and performance linked rewards falling due, wholly within twelve months of rendering the service are classified as short term employee benefits and are expensed in the period in which the employee renders the related service.

7.2 Post-Employment Benefits

a) Defined Contribution Plans

The company's contributions to state governed provident fund scheme and employee state insurance scheme are the defined contribution plans maintained by the company. The contribution paid/payable under the scheme is recognized during the period in which the employee renders the related service.

b) Defined Benefit Plans

The company has an obligation towards gratuity, a defined retirement plan covering eligible employees. The plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount based on the respective employee's salary and the tenure of employment. The present value of obligation under defined benefit plans is determined based on actuarial valuation using the Projected Unit Credit Method.

The obligation is measured at the present value of the estimated future cash flows using a discount rate based on the market yield on government bonds, with a maturity period, equivalent to the weighted average maturity profile of the defined benefit obligations at the Reporting date.

Remeasurement, comprising actuarial gains and losses is recognised in other comprehensive income and is reflected in retained earnings and the same is not eligible to be reclassified to profit or loss.

Defined benefit employee costs comprising current service cost, past service cost and gains or losses on settlements are recognised in the Statement of Profit and Loss as employee benefits expense. Excess gains or losses on settlement of any claims are recognised in profit or loss when such settlement occurs. Past service cost is recognised as expense at the earlier of the plan amendment or curtailment and when the company recognises related restructuring costs or termination benefits.

8 Investment in Foreign Subsidiaries

The investments in Foreign subsidiaries are carried in this financial statements at historical 'cost', as per Ind AS 27 "Separate Financial Statements" except when the investment, or a portion thereof, is classified as held for sale, in which case it is accounted for as Non-current assets held for sale and discontinued operations. Where the carrying amount of an investment is greater than its estimated recoverable amount, then a provision for impairment is created for the difference. On disposal of investment, the difference between the net disposal proceeds and the carrying amount is charged or credited to the Statement of Profit and Loss.

9 Prior Period Errors

Prior Period Errors have been corrected retrospectively in the first set of financial statements approved for issue after the discovery of error by :-

- a) Restating the comparative amounts of the prior period presented, in which the error occurred;
- b) If the error occurred before the earliest prior period presented, the opening balance of assets, liability and equity is restated for the earliest prior period presented.

10 Financial Instruments

Financial assets and/or financial liabilities are recognised when the company becomes party to a contract embodying the related financial instruments. All financial assets, financial liabilities and financial guarantee contracts are initially measured at transaction values and where such values are different from the fair value, at fair value. Transaction costs that are attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from as the case may be, the fair value of such assets or liabilities, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

The financial assets and financial liabilities are offset and presented on net basis in the Balance Sheet when there is a current legal enforceable right to set-off the recognised amounts and it is intended to either settle on net basis or to realise the asset and settle the liability simultaneously.

10.1 Financial Assets

All recognised financial assets are subsequently measured in their entirety at amortised cost or at fair value depending on the classification of the financial assets as follows:

a) Recognition

Investments in debt instruments – at amortised cost, subject to following conditions:

- i. The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- ii. The contractual terms of instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The management has exercised its option to measure fair value changes in Equity Instruments through Other Comprehensive Income, as such Investments have not been held by the company for the purpose of trade.

b) Recognition of Income on Financial Assets

For financial assets that are measured at Fair Value Through Other Comprehensive Income (herein after referred to as FVTOCI), income by way of interest, dividend and exchange difference (on debt instrument) is recognised in the statement of profit or loss for the period and changes in fair value (other than on account of such income) are recognised in Other Comprehensive Income and accumulated in other equity.

c) De-recognition

Financial Asset is primarily De-recognized when:-

- i. The right to receive cash flows from the asset has expired, or
- ii. The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a pass-through arrangement; and (a) the company has transferred substantially all the risks and rewards of the asset, or b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.
- iii. On derecognition of a financial asset in its entirety, the difference between the carrying amount measured at the date of derecognition and the consideration received is recognised in profit or loss.

d) Impairment of Financial Assets

The Company recognises impairment loss on trade receivables using expected credit loss model, where the provisions are based on a forward-looking ECL, which includes possible default events on the trade receivables over the entire holding period of the trade receivable. These provisions represent the difference between the trade receivable's carrying amount in the consolidated balance sheet and the estimated collectible amount.

10.2 Financial Liabilities

a) Initial Recognition

Financial liabilities, including derivatives and embedded derivatives, which are designated for measurement at Fair Value Through Profit & Loss (FVTPL) are subsequently measured at fair value. All other financial liabilities including loans and borrowings are measured at amortised cost using Effective Interest Rate (EIR) method. Financial liabilities, including derivatives and embedded derivatives, which are designated for measurement at Fair Value Through Profit & Loss (FVTPL) are subsequently measured at fair value. All other financial liabilities including loans and borrowings are measured at amortised cost using Effective Interest Rate (EIR) method.

A financial liability is derecognised when the related obligation expires or is discharged or cancelled.

b) Subsequent Measurement

Financial Liabilities are carried at amortized cost using the Effective Interest Rate (EIR) Method. For trade and other payables maturing within one year from the reporting date, the carrying amounts, approximate fair value due to the short maturity of these instruments.

11 Foreign Currencies

- a) The functional currency and presentation currency of the company is Indian Rupee (INR).
- b) Transactions in currencies other than the company's functional currency occurred during the year are translated into Rupees at the exchange rate prevailing on the date of respective transactions.
- c) At each Balance Sheet date, foreign currency monetary items are reported using the closing rate. Exchange differences that arise on settlement of monetary items or on reporting of monetary items at each Balance Sheet date at the closing spot rate are recognised in profit or loss in the period in which they arise .

12 Recoverability of Trade Receivables

Judgments are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

13 Revenue Recognition

Revenue from contract with customers is recognised when the Company satisfies performance obligation by transferring promised goods and services to the customer. The revenue is measured based on transaction price, which is the fair value of consideration received or receivable, and is net of discounts, allowances, returns, goods and services tax/value added taxes/sales tax.

Interest income is recognised using the effective interest method.

14 Leases

As per Ind AS 116, the standard sets out the principles for the recognition, measurement, presentation and disclosure of lessee and the lessor. Ind AS 116 introduces single lessee accounting model and requires lessee to recognize assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. Operating lease expenses are charged to the statement of Profit & Loss. The standard also contains enhanced disclosure requirements for lessees.

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to company's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

Under Ind AS 116, the lease liability is remeasured upon the occurrence of certain events, such as a change in lease term or a change in future lease payments resulting from a change in an index or rate (for example, inflation-linked payments or market rate rent reviews). A corresponding adjustment is made to the right of use asset.

Lease payments associated with following leases are recognised as expense on straight-line basis:

- a) Low value leases; and
- b) Leases which are short-term.

15 Taxes On Income

The tax expense for the period comprises of current tax and deferred income tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the Other Comprehensive Income or in equity. In which case, the tax is also recognised in Other Comprehensive Income or Equity.

15.1 Current Tax

Tax on income for the current period is determined on the basis of taxable income and tax credits computed in accordance with the provisions of the Income tax Act 1961.

15.2 Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the company's financial statements and the corresponding tax bases used in computation of taxable profit and quantified using the tax rates and laws enacted or substantively enacted as on the reporting date.

Deferred tax assets are generally recognised for all taxable temporary differences to the extent that it is probable that, taxable profits will be available against which those deductible temporary differences can be utilised. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the company expects, at the end of reporting period, to recover or settle the carrying amount of its assets and liabilities.

Transaction or event which is recognised outside profit or loss, either in other comprehensive income or in equity, is recorded along with the tax as applicable.

16 Operating Segments

Operating segments are those components of the business whose operating results are regularly reviewed by the chief operating decision making body in the company to make decisions for performance assessment and resource allocation.

Considering the nature and scope of business of the Company, the Chief Operating Decision Maker could not identify any operating segments

17 Borrowing Costs

Borrowing costs, general or specific, that are directly attributable to the acquisition or construction of qualifying assets is capitalized as part of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are charged to the Statement of Profit and Loss.

The Company determines the amount of borrowing costs eligible for capitalisation as the actual borrowing costs incurred on that borrowing during the year less any interest income earned on temporary investment of specific borrowings pending their expenditure on qualifying assets, to the extent that an entity borrows funds specifically for the purpose of obtaining a qualifying asset. In case if the Company borrows generally and uses the funds for obtaining a qualifying asset, borrowing costs eligible for capitalisation are determined by applying a capitalisation rate to the expenditures on that asset.

Other borrowing costs are expensed in the period in which they are incurred.

18 Provisions, Contingent Liabilities and Contingent Assets.

Provisions are recognised only when:

- a) The Company has a present obligation (legal or Constructive) as a result of a past event;
- b) It is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and
- c) A reliable estimate can be made of the amount of the obligation.

Provision is measured using the cash flows estimated to settle the present obligation and when the effect of time value of money is material, the carrying amount of the provision is discounted to the present value of those cash flows. Reimbursement expected in respect of expenditure required to settle a provision is recognised only when it is virtually certain that the reimbursement will be received.

Contingent liability is disclosed in case of:

- a) A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation; and
- b) A present obligation arising from past events, when no reliable estimate is possible.

Contingent assets are disclosed where an inflow of economic benefits is probable.

Provisions, contingent liabilities and contingent assets are reviewed at each Reporting date. Where the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under such contract, the present obligation under the contract is recognised and measured as a provision.

19 Statement of Cash Flows

Statement of Cash Flows is prepared segregating the cash flows into operating, investing and financing activities. Cash flow from operating activities is reported using indirect method, adjusting the net profit for the effects of:

- a) Changes during the period in inventories and operating receivables and payables transactions of a non-cash nature;
- b) Non-cash items such as depreciation, provisions, and deferred taxes, and;
- c) All other items for which the cash effects are investing or financing cash flows.

Cash and cash equivalents (including bank balances) shown in the Statement of Cash Flows exclude items which are not available for general use as on the date of Balance Sheet.

20 Earnings Per Share

Basic and Diluted earnings per share is calculated by dividing net profit or loss for the period attributable to equity shareholders and weighted average number of shares outstanding during the period.

There are no potential equity shares in the books, and therefore diluted earnings per share are same as basic earnings per share.

B Accounting Transactions

PROPERTY, PLANT & EQUIPMENTS

(a) Method Of Valuation Of Property, Plant & Equipments.

Property, Plant & Equipments (hereinafter referred to as PPE) is recognised when it is probable that future economic benefits associated with the item will flow to the company and the cost of such PPE can be measured reliably. PPE is stated at original cost net of tax/duty credits availed, if any, as reduced by accumulated depreciation and cumulative impairment.

Expenditure for additions, improvements and renewals are capitalized and expenditure for maintenance & repairs are charged to the profit & loss account.

(b) Value of Property, Plant & Equipments

The value of Property, Plant & Equipments in the books of Panache Innovations Limited as on 31st March 2021 is as follows :-

(c) Depreciation

Depreciation on PPE is recognised using Straight Line Method so as to write off the cost of PPE less the residual value over its useful lives specified in Schedule- II of the Companies Act, 2013. In case of PPE purchased/sold during the year, Depreciation has been provided on pro-rata basis

The Useful Life of Assets adopted by the management from Schedule II of Companies Act, 2013; for calculating Depreciation to be charged on different classes of Assets for the current year are as follows:-

CLASS OF ASSET	USEFUL LIFE ADOPTED (IN YEARS)
Furniture & Fixtures	10
Air Conditioner	8
Plant & Machinery	15
Mould	8
Office Equipments	5
Telephones	5
Computer Server	6
Computers & Laptop	3

The estimated useful life and residual values are also reviewed at the end of each financial year and the effect of any change in the estimates of useful life/residual value is accounted for, on prospective basis as per Ind AS-8.

(d) Impairment Losses

As at the end of each accounting year, the company reviews the carrying amounts of its PPE, to determine whether there is any indication that those assets have suffered an impairment loss. If such indication exists, the said assets are tested for impairment so as to determine the impairment loss, if any.

Impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount. Recoverable amount is determined in the case of :-

- an individual asset, at the higher of the net selling price and the value in use; and
- a cash generating unit (a group of assets that generates identified, independent cash flows), at the higher of the cash generating unit's net selling price and the value in use.

If the recoverable amount of a PPE (or cash generating unit) is estimated to be less than its carrying amount, such deficit is recognised immediately in the Statement of Profit and Loss as impairment loss and the carrying amount of the PPE (or cash generating unit) is reduced to its recoverable amount.

NOTE NO. 3
OTHER INTANGIBLE ASSETS

(a) Method of Valuation of Intangible Assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the assets will flow to the company and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax/duty credits availed, if any, as reduced by accumulated amortisation and cumulative impairment.

(b) Value of Intangible Assets

The value of Intangible Assets in the books of Panache Innovations Limited as on 31st March 2021 is as follows :-

PARTICULARS	GROSS BLOCK				AMORTISATION (S.L.M)				NET BLOCK	
	Cost as on 01.04.20	Additions	Deductions (sales / W/off)	Cost as on 31.03.21	Upto 01.04.20	Additions	Deductions	As at 31.03.21	As at 01.04.20	As at 31.03.21

	86,400	13,000	-	99,400	72,034	16,825	-	88,859	14,366	10,541

(c) Amortisation

Amortisation charge on Intangible asset has been allocated on a systematic basis over the best estimate of useful life.

Based on Technical evaluation considering the business specific needs & the potency of assets to generate future cash flows, the useful life of different class of intangible assets have been determined by the management, which are as follows:-

CLASS OF ASSET	USEFUL LIFE ADOPTED (IN YEARS)
Software	3
Trademark	3

The method of amortisation and useful life are reviewed at the end of each Financial Year with the effect of any changes in the estimate being accounted for on a straight line basis.

(d) Impairment Losses

As at the end of each accounting year, the company reviews the carrying amounts of its Intangible Assets, to determine whether there is any indication that those assets have suffered an impairment loss. If such indication exists, the said assets are tested for impairment so as to determine the impairment loss, if any. The intangible assets with indefinite life are tested for impairment each year.

If recoverable amount of an asset (or cash generating unit) is estimated to be less than its carrying amount, such deficit is recognised immediately in the Statement of Profit and Loss as impairment loss and the carrying amount of the asset (or cash generating unit) is reduced to its recoverable amount.

(b) Measurement of Investments

The management has exercised its option to measure fair value changes in Equity Instruments through Other Comprehensive Income, as such Investments have not been held by the company for the purpose of trade. Quoted Equity Instruments have been valued at their respective market quotations as on reporting date, in an active market where such instruments are traded. However, since there has not been any active trade of the Quoted Equity Instrument held by the company, the same has been written down to Nil in FY 2019-20.

Investment in Foreign Subsidiary, classified as Financial Assets for the purpose of Separate Financial Statements of the company has been derecognised during the year.

i. Investment in Panache Innovations DMCC ('Subsidiary') has been written off against the corresponding amount of share capital payable to the Subsidiary as Panache Innovations DMCC has been closed and filed its liquidation report dated 25th March, 2021 with DMCC and completed the formalities for liquidation. Accordingly Panache Innovations DMCC, ceased to be subsidiary of the company.

ii. Eddy and Andy International Limited ('Subsidiary') has disposed off its assets and settled its liabilities and repatriated balance funds on 28th January, 2021 of Rs.1,59,710.04 (\$ 2194.79) to company against its investment on equity share capital. Subsidiary has filed for liquidation with IRD of Hong Kong and completed the formalities for liquidation.

Accordingly, Eddy and Andy International Limited, ceased to be subsidiary of the company from date of repatriation. However, liquidation approval from the said statutory authority has not yet received.

NOTES FORMING PART OF PROFIT & LOSS ACCOUNT

NOTE NO. 24 REVENUE FROM OPERATIONS

(a) Recognition of Revenue

The company derives revenue primarily from sale of Consumer Electronic & Electrical Goods and IT Hardware & its peripherals and Sanitary products.

Revenue is recognised upon transfer of control of promised products or services to the customers in an amount that reflects the consideration the company expects to be entitled to, in exchange for those products or services.

The Company accounts for volume discounts and pricing incentives to customers as a reduction of revenue based on allocation of discounts/ incentives to each of the underlying performance obligations that corresponds to the progress by the customer towards earning the discount/ incentive. The company presents revenue net of Indirect Taxes.

PARTICULARS	FOR THE YEAR ENDED 31ST MARCH 2021	FOR THE YEAR ENDED 31ST MARCH 2020
Net Sales (Domestic)	8,80,50,719	15,11,16,877

	9,82,88,077	15,12,42,676

(b) Remaining Performance obligations

The remaining performance obligation disclosure provides the aggregate amount of the transaction price yet to be recognized as at the end of the reporting period and an explanation as to when the group expects to recognize these amounts of revenue. Applying the practical expedient as given in Ind AS 115, the company has not disclosed the remaining performance obligation-related disclosures for contracts where the revenue recognized corresponds directly with the value to the customer of the entity's performance obligations completed till date.

B. Basis of classification of Current Liabilities

An entity shall classify a liability as current liability when :-

- (i) it expects to settle the liability in its normal operating cycle;
- (ii) it holds the liability primarily for the purpose of trading;
- (iii) the liability is due to be settled within twelve months after the reporting period; or
- (iv) it does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting period .

All other Liabilities have been classified as Non-Current

Credit Period for Current Liabilities

Pursuant to requirements of Ind AS-1, disclosures regarding current Liabilities which are expected to be paid within twelve months and after twelve months from the reporting date are as follows:-

NOTE NO. 37

RISK MANAGEMENT

The company's Board of Directors has overall responsibility for establishment and oversight of the Company's risk management framework.

The Company, through three layers of defense viz: policies & procedures, review mechanism and assurance, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations. The audit committee oversees the formulation and implementation of Risk Management Policies. The risk and mitigation plan are identified, deliberated and reviewed at appropriate Forums.

A. Market Risk Management

Market Risk is the risk that changes in market prices-such as foreign exchange rates-will affect the company's income or the value of Financial Instruments. The objective of Market Risk Management is to manage and control market risk exposure within acceptable parameters, while optimizing the return.

i. Foreign Exchange Risk

Foreign Currency Risk is the risk that the Fair Value or Future Cash Flows of an exposure will fluctuate because of changes in foreign currency rates. Exposures can arise on account of the various assets and liabilities which are denominated in currencies other than the functional currency of the Company.

In General, the company is a net payer of Foreign Currency. Accordingly, changes in exchange rates and in particular a strengthening of Indian rupee will positively affect the Company's net results as expressed in Indian Rupees. The currency towards which the company is exposed to risk is USD.

The Quantitative Summary about the company's exposure to currency risk as on different reporting date are as follows:-

PARTICULARS	AS AT 31ST MARCH 2021			
	USD	EQUIVALENT IN INR	OTHER CURRENCY	EQUIVALENT IN INR
Reimbursement Receivable from Subsidiary	-	-	-	-
Trade Payables	-	-	-	-
Current Liabilities	-	-	-	-

PARTICULARS	AS AT 31ST MARCH 2020			
	USD	EQUIVALENT IN INR	OTHER CURRENCY	EQUIVALENT IN INR
Reimbursement Receivable from Subsidiary	16,511.20	12,44,712	-	-
Trade Payables	85,701.25	64,60,666	-	-
Current Liabilities	13,625.00	10,27,133	-	-

Sensitivity Analysis

A reasonable possible strengthening/weakening of foreign currencies to which the company is exposed to, against all other currencies as at 31st March would have affected the measurement of financial exposure denominated in a foreign currency and would have affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables remain constant and ignores any impact on forecast sales and purchases.

SENSITIVITY TO MOVEMENT IN FOREIGN CURRENCY	% MOVEMENT IN RUPEE (ASSUMED)	PROFIT OR (LOSS) AFTER TAX	
		STRENGTHENING OF RUPEE	WEAKENING OF RUPEE
AS AT 31ST MARCH 2021			
US DOLLAR	1%	-	-
AS AT 31ST MARCH 2020			
US DOLLAR	1%	46,199	(46,199)

ii. Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company's exposure to changes in interest rates relates primarily to the Company's Overdraft CC Account. The company's total outstanding debt in local currency presented in the Financial Statements is a combination of fixed rate and floating rate Debts. For the portion of local currency debt on fixed rate basis, there is no interest rate risk. Floating Rate Debts are linked to domestic interest rate benchmarks issued by Reserve Bank of India like MCLR (Marginal Cost of funds based Lending Rate).

The Exposure of Company's Borrowings to interest rate changes at the end of reporting period are as follows :-

PARTICULARS	AS AT 31ST MARCH 2021	AS AT 31ST MARCH 2020
Cash Credit	2,01,60,737	1,86,16,343
	2,01,60,737	1,86,16,343

Sensitivity Analysis

A hypothetical 10 basis point shift in MCLR rates on the unhedged loans would result in corresponding increase/decrease in interest cost for the company on a yearly basis.

B. Financial Risk Management

i. Credit Risk

Credit Risk is the Risk of Financial Loss to the company if a customer or counter party to a financial instrument fails to meet its contractual obligations and arises principally from the Company's receivables from customers and other receivables.

Trade Receivable and other financial assets

The company has established a credit policy under which each new customer is analysed individually for creditworthiness before entering into the contract, delivery terms and conditions of payments. The company's review includes external ratings (if they are available), financial statements, industry information and business intelligence.

In monitoring customer credit risk, customers are grouped according to their credit characteristics, including whether they are an individual or a legal entity, their geographic location, industry, trade history with the Company and existence of previous financial difficulties.

Expected Credit loss for trade receivable:

The Company, based on internal assessment which is driven by the historical experience/current facts available in relation to defaults and delays in collection thereof, the company is making provision on trade receivables based on Expected Credit Loss(ECL) model. The reconciliation of ECL is as follows :-

PARTICULARS	AS AT 31ST MARCH 2021
Opening Balance	-
<u>Changes in Loss Allowance</u>	
Loss Allowance for the year, based on ECL Model.	1,71,958
Write Off as Bad Debts	1,71,958

Write Off as Bad Debts	12,44,712	-
Closing Balance reported under Note No.12	0	12,44,712

ii. Liquidity Risk

Liquidity Risk is the risk that the company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by cash or another financial asset. The Company manages liquidity risk by maintaining sufficient cash and marketable securities and by having access to funding through an adequate amount of committed credit lines. Management regularly monitors the position of cash and cash equivalents vis-à-vis projections. Assessment of maturity profiles of financial assets and financial liabilities including debt financing plans and maintenance of Balance Sheet liquidity ratios are considered while reviewing the liquidity position.

The Company's Finance Department is responsible for managing the short term and long term liquidity requirements. Short term liquidity finance is reviewed daily by finance department. Long Term Liquidity position is reviewed on a regular basis by the board of directors and appropriate decisions are taken according to the situation.

NOTE NO. 38
LEASES

A. Classification & Measurement

Leases under which the Company assumes substantially all the risks and rewards of ownership are classified as Finance Leases. When acquired, such assets are capitalized at fair value or present value of the minimum lease payments at the inception of lease, whichever is lower. Lease payments under operating leases are recognized as expense on a straight line basis in net profit in the Statement of Profit and Loss over the lease term.

Where the Company is a Lessee

This note explains the impact of the Application of Ind AS 116 Leases on the company's financial statements.

The company has determined the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain after making an assessment on the expected lease term on a lease-by-lease basis and thereby assessing whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to company's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

Practical Expedients Applied

In applying Ind AS 116, the company has used the following practical expedients permitted by the standard:

- 1) accounting for operating leases with a remaining lease term of less than 12 months, as short-term leases
- 2) excluding initial direct costs for the measurement of the right-of-use asset at the date of initial application, and
- 3) using hindsight in determining the lease term where the contract contains options to extend or terminate the lease.
- 4) applying a single discount rate to a portfolio of leases with reasonably similar characteristics

After applying the practical expedients permitted by the standard, the company has determined that none of the lease contracts are required to be reclassified as finance lease, since all the lease contracts of the company are either short term leases or leases of low value.

The total expense recognised in the statement of Profit or Loss on account of operating leases amounted to Rs. 5,85,332/-

CONSOLIDATED FINANCIAL STATEMENTS

Independent Auditor's Report

To,
The Members of
Panache Innovations Limited,
2nd Floor, Bldg. No. A3, Unit 201A,
Babosa Industrial Park,
Saravali Village Bhiwandi,
Thane – 421 302.

We have audited the accompanying Consolidated Financial statements of Panache Innovations Limited ('hereinafter referred to as the Parent Company') and its subsidiaries 'Eddy and Andy International Limited (Hong Kong)' and 'Panache Innovations DMCC (Dubai -U.A.E)', which comprise the 'Consolidated Balance Sheet as at 31st March, 2021 and the Consolidated Statement of Profit and Loss (Including other Comprehensive Income), The Consolidated Cash Flow Statement and the consolidated statement of change in equity for the year then ended and a summary of significant accounting policies and other explanatory information (hereinafter referred to as 'the Consolidated Ind AS Financial Statements').

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us by the management of the Group, **except for the effects of the matter described in the 'Basis for Qualified Opinion' section of our report**, the aforesaid Consolidated Ind AS Financial Statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Group as at March 31, 2021, and its profit (including Other Comprehensive Income), changes in equity and statement of cash flows for the year ended on that date.

Basis of Our Qualified Opinion

The Consolidated Ind AS Financial Statements includes the unaudited Financial Statement of Eddy & Andy International Limited (Hong Kong), whose Financial Statements reflect net gain/(net loss) of Rs.(0.66) Lakhs and total comprehensive income/(loss) of Rs.(0.66) Lakhs for the year ended on that date, has been considered in the Consolidated Financial Statements. We state that this Financial Statement is not audited by us. This Financial Statement was to be audited by other auditors, whose report has not been furnished to us by the management. We assess that the possible effects of misstatements due to unavailability of audited Financial Statements of such subsidiary on the overall Consolidated Financial Statements could be material but not pervasive.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India, ("ICAI") together with the ethical requirements that are relevant to our audit of the Consolidated Ind AS Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters ('KAM') are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the Standalone Ind AS Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matter	How our audit addressed the Key audit Matter
Applicability of Ind AS 116 Leases	
<p>As described in Note-1(14) to the Consolidated Financial Statements, the Group has applied Ind AS 116 Leases in the current year. The application to this accounting standard is complex and is an area of focus in our audit since application of the same is based on a significant level of judgments and estimates including the determination of discount rates and lease term.</p> <p>As per Ind AS 116, In case of Finance Lease, lessee is required to recognise a right-of-use (ROU) asset and a lease liability arising from a lease on the balance sheet. The lease liabilities are initially measured by discounting future lease payments during the lease term as per the contract / arrangement.</p> <p>Moreover, as per Ind AS 116, short term or low value lease is to be classified as operating lease.</p> <p>Additionally, the standard mandates detailed disclosures in respect of transition. Refer to Note No.1(14) and Note No.40 of the Consolidated Ind AS Financial Statements</p>	<p>Our audit procedures on Applicability of Ind AS 116 include:</p> <p>Assessed and tested new processes and controls established by the management in identifying lease arrangements with respect to accounting standard (Ind AS 116);</p> <p>Assessed the Group's evaluation on identification of leases based on the contractual arrangements and our knowledge of business;</p> <p>Assessed the key terms and conditions of each lease with the underlying lease contracts; and</p> <p>Assessed and tested the presentation and disclosures provided by the management in the Consolidated Ind AS Financial Statements relating to Ind AS 116, including disclosures relating to transition and practical expedients applied.</p>

Emphasis of Matters

The consolidated financial results include the Liquidated Statement of Affairs as at 29th December, 2020 with comprehensive Income Statement for the period ended on that date of Panache Innovations DMCC (Dubai) ("the Subsidiary"). The company had applied for deregistration of the subsidiary and vide order of DMCC Authority (Dubai-U.A.E.) dated 10.05.2021, the subsidiary has been dissolved w.e.f. 29.12.2020. The company has written off its reserves of Rs. 12,44,712/- against the Consolidated Profit/Loss.

The consolidated financial result includes the Statement of Affairs as at 28th January, 2021 with comprehensive Income Statement for the period ended on that date of Eddy and Andy International Limited (Hong Kong) ("the Subsidiary"). The company had applied for deregistration of the subsidiary on 28th January, 2021 for the closure of company. The company has transferred its reserves of Rs 69,842/- to the Consolidated Profit/Loss.

Our opinion is not modified in this matter.

Information other than the Financial Statements and Auditor's Report thereon

The respective Board of Directors of the companies included in the Group are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report. Our opinion on the Consolidated Ind AS Financial Statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Management's Responsibility for the Financial Statements

The respective Board of Directors of the companies included in the Group are responsible for the matters in Section 134(5) of the Act with respect to the preparation of these consolidated Ind AS financial statements that give a true and fair view of the financial position and financial performance (including other comprehensive income), statement of changes in equity and statement of Cash flows of the Group in accordance with the accounting principles generally accepted in India, including Indian Accounting Standards (Ind AS) specified under section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015 as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated Ind AS Financial Statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless respective Board of Directors, either intends to liquidate the Companies included in the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the group are also responsible for overseeing the Group's financial reporting process.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the Consolidated Ind AS Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Ind AS Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Consolidated Ind AS Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Group has adequate internal financial controls system in place and the operating effectiveness of such controls and operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, we report that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- b. In our opinion, proper books of account as required by law have been kept by the Group so far as it appears from our examination of those books;
- c. The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), Statement of changes in equity and Statement of Cash flow dealt with by this Report are in agreement with the books of account;
- d. In our opinion, the aforesaid Consolidated Ind AS Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with companies (Indian Accounting Standards) Rules, 2015, as amended;

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Panache Innovations Limited (“hereinafter referred to as the Parent”) as of 31st March 2021 in conjunction with our audit of the Consolidated Ind-AS Financial Statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The management of the Parent Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Parent Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the Consolidated Ind-AS Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Parent company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated Financial Statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Parent company;

- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the Parent company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Parent company's assets that could have a material effect on the consolidated Ind-AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Parent Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2021, based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matter Paragraph

Our report on the Operating Effectiveness of Internal Financial Controls of the Group is limited only to the extent of Parent Company's controls, as the subsidiaries included in the group are Foreign Subsidiary for whom, such requirements are not applicable as per the relevant statutes of those countries.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

A Significant Accounting Policies, practices annexed to & forming part of accounts for the year ending on 31st March 2021

1 Basis of Preparation

Consolidated Financial Statements have been prepared in accordance with the accounting principles generally accepted in India including Indian Accounting Standards (Ind AS) prescribed under the Section 133 of the Companies Act, 2013 read with rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended and relevant provisions of the Companies Act, 2013.

Accordingly, the Group has prepared these Consolidated Financial Statements which comprise the Balance Sheet as at 31 March, 2021, the Statement of Profit and Loss for the year ended 31 March 2021, the Statement of Cash Flows for the year ended 31 March 2021 and the Statement of Changes in Equity for the year ended as on that date, and accounting policies and other explanatory information (together hereinafter referred to as 'Consolidated Financial Statements' or 'financial statements').

These financial statements are approved for issue by the Board of Directors on 28th June, 2021.

2 Compliance with Ind AS

The separate financial statements of the Group are prepared in accordance with Indian Accounting Standards (Ind AS), under the historical cost convention on the accrual basis as per the provisions of the Companies Act, 2013 ("the Act"), except for financial instruments - measured at fair value or amortised cost.

3 System of Accounting :

3.1 The Group follows Mercantile System of Accounting and recognizes Income & Expenditure on an accrual basis.

3.2 Accounts of the Group are prepared under the Historical Cost convention method, except for certain financial instruments that are measured at fair value in accordance with Ind AS.

3.3 Fair Value measurements under Ind As are categorized as below, based on the degree to which inputs to the fair value measurements are observable and the significance of the inputs to their fair value measurement in its entirety.

a) Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at measurement date.

b) Level 2 inputs, other than quoted prices included in level 1, that are observable for the asset or liability, either directly or indirectly; and

c) Level 3 inputs are unobservable inputs for the valuation of assets/liabilities.

4 Going Concern

Fundamental Accounting assumption of going concern is followed in preparation of the financial statement.

5 Presentation of Financial Statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 ("the Act"). The statement of cash flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Indian Accounting Standards and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

All amounts in the Financial Statements are presented in Indian Rupees (INR).

6 Use of Estimates

The preparation of Financial Statements in conformity with Indian Accounting Standards requires management to make judgments, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities and disclosure of contingent liabilities as at the date of financial statements and the results of operations during the reporting period. As such estimates are based on the management's best knowledge of the current events and actions; there are possibilities of such estimates resulting in outcome's requiring material adjustment to the carrying amounts of assets or liabilities in future periods.

7 Basis of Consolidation

The consolidated financial statements incorporate the financial statements of the Parent Company and its subsidiaries. The Parent Company together with its subsidiaries constitute a Group.

Consolidation Process for Subsidiaries

An entity which is, directly or indirectly, controlled by the Parent Group is treated as subsidiary. Control exists when the Parent Group, directly or indirectly, has power over the investee, is exposed to variable returns from its involvement with the investee and has the ability to use its power to affect its returns.

Consolidation of a subsidiary begins when the Parent Group, directly or indirectly, obtains control over the subsidiary and ceases when the Parent Group, directly or indirectly, loses control of the subsidiary. Income and expenses of a subsidiary acquired or disposed off during the year are included in the consolidated Statement of Profit and Loss from the date the Parent Group, directly or indirectly, gains control until the date when the Parent Group, directly or indirectly, ceases to control the subsidiary.

The consolidated financial statements of the Group combines financial statements of the Parent Company and its subsidiaries line-by-line by adding together the like items of assets, liabilities, income and expenses. All intra-group assets, liabilities, income, expenses and unrealised profits/losses on intra-group transactions are eliminated on consolidation. The accounting policies of subsidiaries have been harmonised to ensure the consistency with the policies adopted by the Parent Company. The consolidated financial statements have been presented to the extent possible, in the same manner as Parent Company's standalone financial statements.

8 Prior Period Errors

Prior Period Errors have been corrected retrospectively in the first set of financial statements approved for issue after the discovery of error by :-

- a) Restating the comparative amounts of the prior period presented, in which the error occurred;
- b) If the error occurred before the earliest prior period presented, the opening balance of assets, liability and equity is restated for the earliest prior period presented.

9 Employee Benefits

9.1 Short Term Employee Benefits

Employee Benefits such as salaries, wages, short term compensated absences, and expected cost of bonus, ex-gratia, and performance linked rewards falling due, wholly within twelve months of rendering the service are classified as short term employee benefits and are expensed in the period in which the employee renders the related service.

9.2 Post-Employment Benefits

a) Defined Contribution Plans

The Group's contributions to state governed provident fund scheme and employee state insurance scheme are the defined contribution plans maintained by the Group. The contribution paid/payable under the scheme is recognized during the period in which the employee renders the related service.

b) Defined Benefit Plans

The Group has an obligation towards gratuity, a defined retirement plan covering eligible employees. The plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount based on the respective employee's salary and the tenure of employment. The present value of obligation under defined benefit plans is determined based on actuarial valuation using the Projected Unit Credit Method.

The obligation is measured at the present value of the estimated future cash flows using a discount rate based on the market yield on government bonds, with a maturity period, equivalent to the weighted average maturity profile of the defined benefit obligations at the Reporting date.

Remeasurement, comprising actuarial gains and losses is recognised in other comprehensive income and is reflected in retained earnings and the same is not eligible to be reclassified to profit or loss.

Defined benefit employee costs comprising current service cost, past service cost and gains or losses on settlements are recognised in the Statement of Profit and Loss as employee benefits expense. Excess Gains or losses on settlement of any claims are recognised in profit or loss when such settlement occurs. Past service cost is recognised as expense at the earlier of the plan amendment or curtailment and when the Group recognises related restructuring costs or termination benefits.

10 Financial Instruments

Financial assets and/or financial liabilities are recognised when the Group becomes party to a contract embodying the related financial instruments. All financial assets, financial liabilities and financial guarantee contracts are initially measured at transaction values and where such values are different from the fair value, at fair value. Transaction costs that are attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from as the case may be, the fair value of such assets or liabilities, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

The financial assets and financial liabilities are offset and presented on net basis in the Balance Sheet when there is a current legal enforceable right to set-off the recognised amounts and it is intended to either settle on net basis or to realise the asset and settle the liability simultaneously.

10.1 Financial Assets

All recognised financial assets are subsequently measured in their entirety at amortised cost or at fair value depending on the classification of the financial assets as follows:

a) Recognition

Investments in debt instruments – at amortised cost, subject to following conditions:

- i. The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- ii. The contractual terms of instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b) De-recognition

Financial Asset is primarily De-recognized when:-

- i. The right to receive cash flows from the asset has expired, or
- ii. The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a pass-through arrangement; and (a) the Group has transferred substantially all the risks and rewards of the asset, or b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.
- iii. On derecognition of a financial asset in its entirety, the difference between the carrying amount measured at the date of derecognition and the consideration received is recognised in profit or loss.

c) Impairment of Financial Assets

The Group recognises impairment loss on trade receivables using expected credit loss model, where the provisions are based on a forward-looking ECL, which includes possible default events on the trade receivables over the entire holding period of the trade receivable. These provisions represent the difference between the financial asset's carrying amount in the Consolidated Balance Sheet and the estimated collectible amount.

10.2 Financial Liabilities

a) Initial Recognition

Financial liabilities, including derivatives and embedded derivatives, which are designated for measurement at Fair Value Through Profit & Loss (FVTPL) are subsequently measured at fair value. All other financial liabilities including loans and borrowings are measured at amortised cost using Effective Interest Rate (EIR) method. Financial liabilities, including derivatives and embedded derivatives, which are designated for measurement at Fair Value Through Profit & Loss (FVTPL) are subsequently measured at fair value. All other financial liabilities including loans and borrowings are measured at amortised cost using Effective Interest Rate (EIR) method.

A financial liability is derecognised when the related obligation expires or is discharged or cancelled.

b) Subsequent Measurement

Financial Liabilities are carried at amortized cost using the Effective Interest Rate (EIR) Method. For trade and other payables maturing within one year from the reporting date, the carrying amounts, approximate fair value due to the short maturity of these instruments.

11 Foreign Currencies

- a) The functional currency and presentation currency of the Group is Indian Rupee (INR).
- b) Transactions in currencies other than the Group's functional currency occurred during the year are translated into Rupees at the exchange rate prevailing on the date of respective transactions.
- c) At each Balance Sheet date, foreign currency monetary items are reported using the closing rate. Exchange differences that arise on settlement of monetary items or on reporting of monetary items at each Balance Sheet date at the closing spot rate are recognised in profit or loss in the period in which they arise.
- d) Financial statements of foreign operations whose functional currency is different than Indian Rupee are translated into Indian Rupee as follows:
 - i) Assets and liabilities for each Balance Sheet presented are translated at the closing rate at the date of that Balance Sheet;
 - ii) Income and expenses for each income statement are translated at average exchange rates; and
 - iii) All resulting exchange differences are recognised in other comprehensive income and accumulated in equity for subsequent reclassification to profit or loss on disposal of such foreign operations.

12 Recoverability of Trade Receivables

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

13 Revenue Recognition

Revenue from contract with customers is recognised when the Group satisfies performance obligation by transferring promised goods and services to the customer. The revenue is measured based on transaction price, which is the fair value of consideration received or receivable, and is net of discounts, allowances, returns, goods and services tax/value added taxes/sales tax.

Interest income is recognised using the effective interest method.

14 Leases

As per Ind AS 116, the standard sets out the principles for the recognition, measurement, presentation and disclosure of lessee and the lessor. Ind AS 116 introduces single lessee accounting model and requires lessee to recognize assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. Operating lease expenses are charged to the statement of Profit & Loss. The standard also contains enhanced disclosure requirements for lessees.

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Group makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Group considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Group's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

Under Ind AS 116, the lease liability is remeasured upon the occurrence of certain events, such as a change in lease term or a change in future lease payments resulting from a change in an index or rate (for example, inflation-linked payments or market rate rent reviews). A corresponding adjustment is made to the right of use asset.

Lease payments associated with following leases are recognised as expense on straight-line basis:

- a) Low value leases; and
- b) Leases which are short-term.

15 Taxes On Income

The tax expense for the period comprises of current tax and deferred income tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the Other Comprehensive Income or in equity. In which case, the tax is also recognised in Other Comprehensive Income or Equity.

15.1 Current Tax

Tax on income for the current period is determined on the basis of taxable income and tax credits computed in accordance with the provisions of the Income tax Act 1961.

15.2 Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Group's financial statements and the corresponding tax bases used in computation of taxable profit and quantified using the tax rates and laws enacted or substantively enacted as on the reporting date.

Deferred tax assets are generally recognised for all taxable temporary differences to the extent that it is probable that, taxable profits will be available against which those deductible temporary differences can be utilised. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of reporting period, to recover or settle the carrying amount of its assets and liabilities.

Transaction or event which is recognised outside profit or loss, either in other comprehensive income or in equity, is recorded along with the tax as applicable.

16 Operating Segments

Operating segments are those components of the business whose operating results are regularly reviewed by the chief operating decision making body in the Group to make decisions for performance assessment and resource allocation.

Considering the nature and scope of business of the Group, the Chief Operating Decision Maker could not identify any operating Segment.

17 Borrowing Costs

Borrowing costs, general or specific, that are directly attributable to the acquisition or construction of qualifying assets is capitalized as part of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are charged to the Statement of Profit and Loss.

The Group determines the amount of borrowing costs eligible for capitalisation as the actual borrowing costs incurred on that borrowing during the year less any interest income earned on temporary investment of specific borrowings pending their expenditure on qualifying assets, to the extent that an entity borrows funds specifically for the purpose of obtaining a qualifying asset. In case if the Group borrows generally and uses the funds for obtaining a qualifying asset, borrowing costs eligible for capitalisation are determined by applying a capitalisation rate to the expenditures on that asset.

Other borrowing costs are expensed in the period in which they are incurred.

18 Provisions, Contingent Liabilities and Contingent Assets.

Provisions are recognised only when:

- a) The Group has a present obligation (legal or Constructive) as a result of a past event;
- b) It is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and
- c) A reliable estimate can be made of the amount of the obligation.

Provision is measured using the cash flows estimated to settle the present obligation and when the effect of time value of money is material, the carrying amount of the provision is discounted to the present value of those cash flows. Reimbursement expected in respect of expenditure required to settle a provision is recognised only when it is virtually certain that the reimbursement will be received.

- a) A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation; and
- b) A present obligation arising from past events, when no reliable estimate is possible.

Contingent assets are disclosed where an inflow of economic benefits is probable.

Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date. Where the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under such contract, the present obligation under the contract is recognised and measured as a provision.

19 Statement of Cash Flows

Statement of Cash Flows is prepared segregating the cash flows into operating, investing and financing activities. Cash flow from operating activities is reported using indirect method, adjusting the net profit for the effects of:

- a) Changes during the period in inventories and operating receivables and payables transactions of a non-cash nature;
- b) Non-cash items such as depreciation, provisions, and deferred taxes, and;
- c) All other items for which the cash effects are investing or financing cash flows.

Cash and cash equivalents (including bank balances) shown in the Statement of Cash Flows exclude items which are not available for general use as on the date of Balance Sheet.

20 Earnings Per Share

Basic and Diluted earnings per share is calculated by dividing net profit or loss for the period attributable to equity shareholders and weighted average number of shares outstanding during the period.

There are no potential equity shares in the books, and therefore diluted earnings per share are same as basic earnings per share.

B Accounting Transactions

- 1 None of the employees were in receipt of or are entitled to receive remuneration aggregating to not less than Rs.1,02,00,000/- for the year or not less than Rs.8,50,000/- per month, if employed for part of the year.
- 2 Outstanding balances as at 31st March, 2021 of Current & Non-Current Assets and Liabilities including Trade Receivables and Trade Payables are subject to confirmation.
- 3 In the opinion of the Board of Directors, the Group is dealing in different varieties of Consumer Electronics & Electrical Goods , IT Hardware & its peripherals and Sanitary products. Day to day Quantitative Stock Records have been maintained properly.
- 4 All the Directors have drawn remuneration for the Accounting Year 2020-21 aggregating to Rs.18,00,000/-

C Recent Accounting Pronouncements

a) Amendments to Existing Standards

Ministry of Corporate Affairs has carried out amendments of the following accounting standards:

- 1) Ind AS 103 - Business Combination
- 2) Ind AS 1 - Presentation of Financial Statements and Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors
- 3) Ind AS 37 – Provisions, Contingent Liabilities & Contingent Assets
- 4) Ind AS 107 & Ind AS 109 - Financial Instruments
- 5) Ind AS 116 - Leases
- 6) Ind AS 10 - Events after the Reporting Date

The Group is in the process of evaluating the impact of the new amendments issued but not yet effective.

NOTES FORMING PART OF BALANCE SHEET

NOTE NO. 2 PROPERTY, PLANT & EQUIPMENTS

(a) Method Of Valuation Of Property, Plant & Equipment :-

Property, Plant & Equipment (hereinafter referred to as PPE) is recognised when it is probable that future economic benefits associated with the item will flow to the Group and the cost of such PPE can be measured reliably. PPE is stated at original cost net of tax/duty credits availed, if any, as reduced by accumulated depreciation and cumulative impairment.

Expenditure for additions, improvements and renewals are capitalized and expenditure for maintenance & repairs are charged to the profit &

(b) Value of Property, Plant & Equipment

(c) Depreciation

Depreciation on PPE is recognised using Straight Line Method so as to write off the cost of assets less their residual values over their useful life. In case of PPE purchased/sold during the year, Depreciation has been provided on pro-rata basis.

The Useful Life of PPE adopted by the management for calculating Depreciation to be charged on different classes of PPE's for the current year are as follows:-

CLASS OF ASSET	USEFUL LIFE ADOPTED (IN YEARS)
Furniture & Fixtures	10
Air Conditioner	8
Plant & Machinery	15
Moulds	8
Office Equipment	5
Telephones	5
Computer Server	6
Computers & Laptop	3

The estimated useful life and residual values are also reviewed at end of each financial year and the effect of any change in the estimates of useful life/residual value is accounted for, on prospective basis as per Ind AS-8.

(d) Impairment Losses

As at the end of each accounting year, the Group reviews the carrying amounts of its Property, Plant & Equipment, to determine whether there is any indication that those assets have suffered an impairment loss. If such indication exists, the said assets are tested for impairment so as to determine the impairment loss, if any.

Impairment loss is recognised when the carrying amount of PPE exceeds its recoverable amount. Recoverable amount is determined in the

- an individual asset, at the higher of the net selling price and the value in use; and
- a cash generating unit (a group of assets that generates identified, independent cash flows), at the higher of the cash generating unit's net selling price and the value in use.

If the recoverable amount of a PPE (or cash generating unit) is estimated to be less than its carrying amount, such deficit is recognised immediately in the Statement of Profit and Loss as impairment loss and the carrying amount of the PPE (or cash generating unit) is reduced to

**NOTE NO. 3
OTHER INTANGIBLE ASSETS**

(a) Method of Valuation of Intangible Assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the assets will flow to the Group and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax/duty credits availed, if any, as reduced by accumulated amortisation and cumulative impairment.

(b) Value of Intangible Assets

The value of Intangible Assets in the books of Panache Innovations Limited as at 31st March 2021 is as follows :-

PARTICULARS	GROSS BLOCK			AMORTISATION (S.L.M)			NET BLOCK			
	Cost as on 01.04.20	Additions	Deductions (sales / W/off)	Cost as on 31.03.21	Upto 01.04.20	Additions	Deductions	As at 31.03.21	As at 01.04.20	As at 31.03.21

(c) Amortisation

Amortisation charge on Intangible asset has been allocated on a systematic basis over the best estimate of useful life.

Based on Technical evaluation considering the business specific needs & the potency of assets to generate future cash flows, the useful life of different class of intangible assets have been determined by the management, which is as follows:-

CLASS OF ASSET	USEFUL LIFE ADOPTED (IN YEARS)
Software	3
Trademark	3

The method of amortisation and useful life are reviewed at the end of each financial year with the effect of any changes in the estimate being accounted for prospectively.

(d) Impairment Losses

As at the end of each accounting year, the Group reviews the carrying amounts of its Intangible Assets, to determine whether there is any indication that those assets have suffered an impairment loss. If such indication exists, the said assets are tested for impairment so as to determine the impairment loss, if any. Intangible assets with indefinite life (if any) will be tested for impairment each year.

If recoverable amount of an asset (or cash generating unit) is estimated to be less than its carrying amount, such deficit is recognised immediately in the Statement of Profit and Loss as impairment loss and the carrying amount of the asset (or cash generating unit) is reduced to its recoverable amount.

**NOTE NO. 4
OTHER INVESTMENTS**

(a) Measurement of Investments

The management has exercised its option to measure fair value changes in Equity Instruments through Other Comprehensive Income, as such Investments have not been held by the Group for the purpose of trade. Quoted Equity Instruments have been valued at their respective market quotations as on reporting date, in an active market where such instruments are traded. However, since there has not been any active trade of the Quoted Equity Instrument held by the Group, the same has been written down to Nil.

NOTES FORMING PART OF PROFIT & LOSS ACCOUNT

NOTE NO. 24 REVENUE FROM OPERATIONS

(a) Recognition of Revenue

The Group derives revenue primarily from sale of Consumer Electronics & Electrical Goods and IT Hardware & its peripherals & Sanitary products.

Revenue is recognised upon transfer of control of promised products or services to the customers in an amount that reflects the consideration the Group expects to be entitled to, in exchange for those products or services.

The Group accounts for volume discounts and pricing incentives to customers as a reduction of revenue based on allocation of discounts/ incentives to each of the underlying performance obligations that corresponds to the progress by the customer towards earning the discount/ incentive. The Group presents revenue net of Indirect Taxes.

NOTE NO. 39
RISK MANAGEMENT

The respective Board of Directors of the companies included in the Group have overall responsibility for establishment and oversight of the Group's risk management framework.

The Group, through three layers of defence viz: policies & procedures, review mechanism and assurance, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations. The audit committee oversees the formulation and implementation of Risk Management Policies. The risk and mitigation plan are identified, deliberated and reviewed at appropriate Forums.

A. Market Risk Management

Market Risk is the risk that changes in market prices-such as foreign exchange rates-will affect the group's income or the value of Financial Instruments. The objective of Market Risk Management is to manage and control market risk exposure within acceptable parameters, while optimizing the return.

i. Foreign Exchange Risk

Foreign Currency Risk is the risk that the Fair Value or Future Cash Flows of an exposure will fluctuate because of changes in foreign currency rates. Exposures can arise on account of the various assets and liabilities which are denominated in currencies other than the functional currency of the Group.

In General, the group is a net payer of Foreign Currency. Accordingly, changes in exchange rates and in particular a strengthening of Indian rupee will positively affect the Group's net results as expressed in Indian Rupees. The currency towards which the Group is exposed to risk is USD.

The Quantitative Summary about the Group's exposure to currency risk as on different reporting date are as follows:-

PARTICULARS	AS AT 31ST MARCH 2021			
	USD	EQUIVALENT IN INR	OTHER CURRENCY	EQUIVALENT IN INR
Trade Payables	-	-	-	-

PARTICULARS	AS AT 31ST MARCH 2020			
	USD	EQUIVALENT IN INR	OTHER CURRENCY	EQUIVALENT IN INR
Trade Payables	85,701	64,60,666	-	-

Sensitivity Analysis

A reasonable possible strengthening/weakening of foreign currencies to which the Group is exposed to, against all other currencies as at reporting date would have affected the measurement of financial exposure denominated in a foreign currency and would have affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables remain constant and ignores any impact on forecast sales and purchases.

SENSITIVITY TO MOVEMENT IN FOREIGN CURRENCY	% MOVEMENT IN RUPEE (ASSUMED)	PROFIT OR (LOSS) AFTER TAX	
		STRENGTHENING OF RUPEE	WEAKENING OF RUPEE
As at 31st March 2021			
US DOLLAR	1%	-	-
As at 31st March 2020			
US DOLLAR	1%	(47,809)	47,809

ii. Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Group's exposure to changes in interest rates relates primarily to the Group's Overdraft CC Account. The Group's total outstanding debt in local currency presented in the Financial Statements is a combination of fixed rate and floating rate Debts. For the portion of local currency debt on fixed rate basis, there is no interest rate risk. Floating Rate Debts are linked to domestic interest rate benchmarks issued by Reserve Bank of India like MCLR (Marginal Cost of funds based Lending Rate).

The Exposure of Group's Borrowings to interest rate changes at the end of reporting period are as follows :-

PARTICULARS	AS AT 31ST MARCH 2021	AS AT 31ST MARCH 2020
Cash Credit	2,01,60,737	1,86,16,343
	2,01,60,737	1,86,16,343

Sensitivity Analysis

A hypothetical 10 basis point shift in MCLR rates on the unhedged loans would result in corresponding increase/decrease in interest cost for the Group on a yearly basis.

SENSITIVITY TO MOVEMENT IN INTEREST RATES	FOR THE YEAR ENDED 31ST MARCH 2021

B. Financial Risk Management

i. Credit Risk

Credit Risk is the Risk of Financial Loss to the Group if a customer or counter party to a financial instrument fails to meet its contractual obligations and arises principally from the Group's receivables from customers.

Trade Receivable and other financial assets

The Group has established a credit policy under which each new customer is analysed individually for creditworthiness before entering into the contract, delivery terms and conditions of payments. The Group's review includes external ratings (if they are available), financial statements, industry information and business intelligence.

In monitoring customer credit risk, customers are grouped according to their credit characteristics, including whether they are an individual or a legal entity, their geographic location, industry, trade history with the Group and existence of previous financial difficulties.

Expected Credit loss for trade receivable:

The Company, based on internal assessment which is driven by the historical experience/current facts available in relation to defaults and delays in collection thereof, the company is making provision on trade receivables based on Expected Credit Loss(ECL) model. The reconciliation of ECL is as follows :-

PARTICULARS	AS AT 31ST MARCH 2021
Opening Balance	-
<u>Changes in Loss Allowance</u>	
Loss Allowance for the year, based on ECL Model.	1,71,958
Write Off as Bad Debts	1,71,958
Closing Balance reproted under Note No.9	-

ii. Liquidity Risk

Liquidity Risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by cash or another financial asset. The Group manages liquidity risk by maintaining sufficient cash and marketable securities and by having access to funding through an adequate amount of committed credit lines. Management regularly monitors the position of cash and cash equivalents vis-à-vis projections. Assessment of maturity profiles of financial assets and financial liabilities including debt financing plans and maintenance of Balance Sheet liquidity ratios are considered while reviewing the liquidity position.

The respective Finance Departments of the companies included in the group are responsible for managing the short term and long term liquidity requirements. Short term liquidity finance is reviewed daily by finance department. Long Term Liquidity position is reviewed on a regular basis by the board of directors and appropriate decisions are taken according to the situation.

Maturity Analysis

The remaining contractual maturities on non-derivative Financial Liabilities are as follows:-

As at 31st March 2021

NON-DERIVATIVE FINANCIAL LIABILITIES	CONTRACTUAL CASH FLOWS		
	PAYABLE WITHIN ONE YEAR	PAYABLE AFTER ONE YEAR	TOTAL
Borrowings	10,25,154	26,28,458	36,53,612
Trade Payables	5,72,74,621	-	5,72,74,621

As at 31st March 2020

NON-DERIVATIVE FINANCIAL LIABILITIES	CONTRACTUAL CASH FLOWS		
	PAYABLE WITHIN ONE YEAR	PAYABLE AFTER ONE YEAR	TOTAL
Borrowings	10,00,000	-	10,00,000
Trade Payables	7,36,81,598	-	7,36,81,598

The gross outflows disclosed in the above table represent the contractual undiscounted cash flows relating to non- derivative financial liabilities held for risk management purpose and which are not usually closed out before contractual maturity.

NOTE NO. 40
LEASES

A. Classification & Measurement

Leases under which the Group assumes substantially all the risks and rewards of ownership are classified as Finance Leases. When acquired, such assets are capitalized at fair value or present value of the minimum lease payments at the inception of lease, whichever is lower. Lease payments under operating leases are recognized as expense on a straight line basis in net profit in the Consolidated Statement of Profit and Loss over the lease term.

Where the Group is a Lessee

This note explains the impact of the application of ind AS 116 Leases on the group's financial statements.

The Group has determined the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain after making an assessment on the expected lease term on a lease-by-lease basis and thereby assessing whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Group considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Group's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

Practical Expedients Applied

In applying Ind AS 116 for the first time, the Group has used the following practical expedients permitted by the standard:

- 1) accounting for operating leases with a remaining lease term of less than 12 months as at 1st April 2019 as short-term leases
- 2) excluding initial direct costs for the measurement of the right-of-use asset at the date of initial application, and
- 3) using hindsight in determining the lease term where the contract contains options to extend or terminate the lease.
- 4) applying a single discount rate to a portfolio of leases with reasonably similar characteristics

After applying the practical expedients permitted by the standard, the Group has determined that none of the lease contracts are required to be reclassified as finance lease, since all the lease contracts of the Group are either short term leases or leases of low value.

The total expense recognised in the statement of Profit or Loss on account of operating leases amounted to Rs. 5,85,332/-

This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee

and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.

4. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
5. Pursuant to MCA Circular No. 14/2020 dated April 08, 2020, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.
6. In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, the Notice calling the AGM has been uploaded on the website of the Company at www.panachemodera.com. The Notice can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited at www.bseindia.com. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e. www.evotingindia.com.
7. The AGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circular No. 14/2020 dated April 8, 2020 and MCA Circular No. 17/2020 dated April 13, 2020, Circular No. 20/2020 dated May 05, 2020 and Circular No. 02/2021 dated January 13, 2021.
8. In continuation of this Ministry's General Circular No. 20/2020, dated 05th May, 2020 and after due examination, it has been decided to allow companies whose AGMs were due to be held in the year 2020, or become due in the year 2021, to conduct their AGMs on or before 31.12.2021, in accordance with the requirements provided in paragraphs 3 and 4 of the General Circular No. 20/2020 as per MCA circular no. 02/2021 dated January 13, 2021.

THE INTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING AND E-VOTING AT AGM AND JOINING MEETING THROUGH VC/OAVM ARE AS UNDER:

- (i) The e-voting period commences on Friday, 24th September, 2021 (9.00 a.m.) to Sunday, 26th September, 2021 (5.00 pm). During this period members of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date of Monday, 20th September, 2021, may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242** dated **09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login**

credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of SEBI circular no. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to above said SEBI Circular, Login method for e-Voting and joining virtual meetings for Individual shareholders holding securities in Demat mode **CDSL/NSDL** is given below:
